Professional Qualifications

- Former Demonstrator at Department of Pharmacy, Faculty of Health Science, Open University of Sri Lanka, Nawala.(2018 – 2020)
- Former Analyst (Pharmacovigilance) at IQVIA Solutions (Sri Lanka) Pvt Ltd.
- Former Pharmacist at University Hospital, Kotelawala Defence University, Werahera (2017 – 2018)
- Former Visiting Lecturer at Management and Science University (MSU), for the module Pharmacology conducted for Bio-medical Science undergraduates. (2018)
- Former Visiting Lecturer at Management and Science University (MSU), for the module Neuropharmacology conducted for Bio-medical Science undergraduates. (2018 & 2019)
- Registered Pharmacist at Sri Lanka Medical Council (SLMC); Registration No: 10859

Professional Experience

- Completed the training program in “*Safe Handling and Reconstitution of Cytotoxic Drugs*” conducted by Central Unit for reconstitution of cytotoxic drugs, Apeksha Hospital, Maharagama.
- Completed the training program on Medical Supplies and Distribution Management conducted by the Medical Supplies Division, Department of Health Services, Sri Lanka.
- Participated on the workshop on Contemporary Issues in Pharmacy: Challenges and Opportunities for Sri Lanka organized by the Department of Chemistry, University of Colombo with the sponsorship by WHO local office.

- Participated in the workshop on clinical pharmacy conducted by Keele University, UK at Faculty of Allied Health Sciences, Kotelawala Defence University, 2017.

Educational Qualifications

- Bachelor of Pharmacy degree (Hons) (B. Pharm); General Sir John Kotelawala Defence University.

Class: First Class (GPA – 3.74)

Academic year: 2013/2017

Effective Date: 1st April 2017

Registration number: PMY/13/019

- Following the certificate course in “*Social and Technical Context of Health Informatics*” offered by John Hopkins University.

Responsibilities and duties as a demonstrator

- Conducted the practicals delivered by the Department of Pharmacy, Faculty of Health Science, Open University, Sri Lanka, for the modules Physical Pharmacy, Pharmaceutics, Pharmaceutical Biotechnology & Genetic Engineering, Biochemistry, Pharmacognosy I and II.

Teaching Experience

- Present :
 - Coordinator for the module General Cosmeceutics for the BSc (Hons) Cosmetic Science Undergraduates, Faculty of Health Sciences, CINEC Campus
 - Coordinator for the module Physical Pharmacy for the BSc (Hons) Industrial Pharmaceutical Sciences undergraduates, Faculty of Health Sciences, CINEC Campus
 - Teaching and conducting practicals for the subject modules; General Cosmeceutics, Human Biology, Physical Pharmacy, Industrial Pharmaceutics and Inorganic chemistry
 - Teaching and conducting practicals for the Advanced Certificate Course in Cosmetic Science and Advanced Certificate Course in Pharmacy Practice

- Past
 - Delivering lectures under the module “Pharmacology and toxicology/SPH2014” for the undergraduates of Bachelor of Biomedical Science (Hons) at Management and Science University (MSU), 2018. This was the basic pharmacology and toxicology essential for biomedical science field.
 - Delivering lectures under the module “Neuropharmacology/ SPH3014” for the undergraduates of Bachelor of Biomedical Science (Hons) at Management and Science University (MSU), 2018
 - Delivering lectures under the module “Neuropharmacology/PHC20204c” for the undergraduates of Bachelor of Biomedical Science (Hons) at Management and Science University (MSU), 2018

Research Projects

- Household medicine utilization and disposal practices; a survey conducted in ‘Werahera South’ ‘Grama Niladari’ Division, Sri Lanka.
- Pilot prescription analysis of hypertensive patients at community pharmacy outlet; Sri Lankan perspectives.
- Analysis frequency, age based prescription pattern and most prevalent antibiotic prescriptions from community pharmacy outlets; pilot study.

Research Publications and Presentations

- Kumari S.B.H.P., Jayawardana H.M.N.S., Raveendrakumar S., Fernandopulle B.M.R., *Household medicine utilization and disposal practices; a survey conducted in ‘Werahera South’ ‘Grama Niladari’ Division, Sri Lanka*, 10th International Research Conference, Kotelawala Defence University.
- Poster presentation on *Household medicine utilization and disposal practices; a survey conducted in ‘Werahera South’ ‘Grama Niladari’ Division, Sri Lanka* at Annual Scientific Sessions 2018, organized by the Pharmaceutical Society of Sri Lanka.

- Senarathne RN, Silva NS, Mallawaarachchi RY, Hasanthi MPPM, De Silva HHVKN and Kumari SBHP., *Pilot prescription analysis of hypertensive patients at community pharmacy outlet; Sri Lankan perspectives- CINEC Student Research Symposium, 2020.*
- Bandara PM, Malhamiarachchi OH, Mendis PA, Weerakondarachchi YD, Weligalle PM, De Silva HHVKN and Kumari SBHP., *Analysis frequency, age based prescription pattern and most prevalent antibiotic prescriptions from community pharmacy outlets; pilot study-CINEC Student Research Symposium, 2020.*

Books

- Session writing for the course books published by Open University of Sri Lanka
 - Course book: Medicinal Chemistry
 - Sessions Written: Anticonvulsants, Medicinal Chemistry on Antivirals
 - Course book: Pharmaceutical Technology II
 - Sessions Written: Nasal and Otic Preparations
 - Course book: Pharmaceutical Microbiology I
 - Session Written: Preservation of products using Anti-Microbial Agents
 - Course book: Clinical Pharmacy I
 - Session Written: Parenteral Nutrition
 - Course book: Community Pharmacy
 - Session Written: Setting up a Medical Store and Waste management

Awards

- Outstanding speechcrafter under the Speechcraft[®] Education Program – Season 16 conducted by the Word-Blasters Toastmasters Club.
