

SATHKARAYA - 4

2nd Batch

Faculty of Health Sciences

CINEC Campus

Introduction

As a batch, we always had the idea of “Be the change” rather than talk about it, and to prove that we decided to commemorate our 3rd year anniversary with a mission to conduct a charity service to help out the deservers.

We, the students of the second batch of the faculty of Health sciences decided to strengthen the community by supporting the needy whenever possible and this time for the fourth phase of 'Sathkaraya' annual project we selected Viharamahadewi, a children development center in Biyagama, including 48 children and 10 staff members and joined hands with them after all required permissions and approvals were arranged.

As said, we visited the Children development center with the essentials we gathered from the donators. The day was well spent with a lot of fun and enjoyment including fun games and entertainment programs. At the end of the day, we didn't forget to provide gifts for the children.

All of this was done as young citizens we understood that we also have a duty and a responsibility to be a part of the process of making a better society by supporting the deservers at all times.

Public campaign

After the necessary approvals were obtained from the Dean of the faculty, we shared a flier on the 13th of October, 2022 on the official Facebook page of the Faculty of Health sciences - CINEC Campus to reach out to the project to the community.

The same flier was shared on WhatsApp social platform as message forwards and one-day statuses for consecutive dates till 20th October 2022.

By this, we were able to reach out our project to the community and received favourable responses.

On the 25th of October, 2022 a thank you post addressing all the generous donors and contributors was shared on the above-mentioned social media platforms to show our gratitude for the support rendered by them.

2nd Batch
FHS

We have celebrated our 3rd anniversary of joining to Cinec Campus by supporting Biyagama child development centre.
Focus on being of service to those in need by providing essentials as well as an entertainment program for the children.
Our sincere thanks to all those who helped in this endeavor.

Event report

To mark the 3rd year anniversary of our stay together as one family, we celebrated a party within the batch at campus premises on the 20th of October 2022.

As scheduled on the 22nd of October 2022, we arrived at the Viharamahadewi, children development center in Biyagama at about 2.30 pm and the event for the day was carried out from 3 pm to 5 pm.

An entertainment program was organized by the students of our batch to the children, where some mini games were played with them and we presented them chocolates.

Refreshments were distributed to all those present including the children and the staff members of the center.

A gift pack, shoes/sandals and school/side bags were distributed to each child at the center bringing a smile to those faces and an appreciation souvenir was given to the staff.

We presented the center with necessary food supplies and also with medical and stationery essentials in order to satisfy the daily needs.

The day was more vibrant and complete with performances from the children and finally, the evening was celebrated with songs, music and dance and to see the happiness of the children filled our hearts as they enjoyed every one bit of it and thus the proceedings were concluded for the day.
